AUSTRALIANS PLEAD FOR GREATER UNITY THROUGHOUT EMPIRE

Deputy Prime Minister Urges Trade Agreement Between United States and Whole of British Empire—Urges Abolition of Dominions Office and Direct Access to Foreign Office

THREE Australian statesmen yesterday pleaded for closer co-operation among members of the British Commonwealth of Nations. At Toronto, Sir Earle Page, Deputy Prime Minister, urged a trade agreement between the United States and the whole of the British Empire, embracing the English-speaking world.

In London, R. G. Menzies, Attorney-General, said that modern relations between Great Britain and the Dominions "require constant contact, real determination to understand each other's viewpoint, and . . . frank and full exchange of ideas at the relevant time."

In Melbourne, W. M. Hughes, Minister for External Affairs, advocated abolition of the Dominions Office, with direct access to the Foreign Office in London or to the Prime Minister there for the foreign policy views of the Dominions.

SEARCH FOR PILOT FAILS

Five Planes Hunt in Vain for Missing Canadian Flyer in Alaska

FAIRBANKS, Alaska, Aug. 8 (AP).—Five planes returned tonight from a vain search over interior Alaska wilderness for Canadian-born Pilot L. Frank Barr, missing since Thursday when he left Big Delta to air ferry three drums of gasoline to a mine at Jack Wade.

The searchers included a Pollock flying service plane piloted by Lon Brennan and carrying K. S. Melson, aerial photographer. Ascending 17,000 feet with oxygen equipment, the flyers photographed a vast area over a ninety-mile course to aid in the hunt.

Other flights were planned tomorrow. Charles F. Burnett, United States Department of Air Commerce inspector, directed the search organized by Mayor Andrew Neeland.

Five of Barr's intended route, reported no trace of his plane.

AWAITING WORD
Mrs. Barr, the former Mary Katherine Sands, of Atlin, B.C., whom Barr wed a year ago in July, was at their home here awaiting word of her husband.

It was not the first time the resourceful pilot, who has been doing commercial flying in the north since 1932, has been missing. About six years ago his plane was forced down on a frozen lake 150 miles from Atlin and wrecked by a blizzard. For six weeks, with only an unchinked and leaky-roofed cabin as shelter from 38 to 50-below zero cold, Barr repaired his plane, cutting gasoline tins into patches for the wings, trimming an axe handle into a strut, and cutting down one end of the propeller to make it balance the broken tip, in order to limp back to Atlin.

Disastrous Fires Sweep Philippines

MANTILA, Aug. 8 (AP).—Two disastrous fires swept widely-separated sections of the Philippine Islands today, leaving thousands homeless and causing damage estimated at \$1,500,000.

In San Pablo, Laguna Province, fifteen blocks of modern buildings were destroyed. Five hundred dwellings, mostly the property of wealthy persons, were burned and officials estimated the homeless at 6,000.

In the Tondo slum district of Manila fire swept through sixteen blocks, destroying 2,000 native huts and leaving 12,000 persons homeless.

Government Troops In Stubborn Stand Against Insurgents

Chance of Decisive Victory This Year in Spanish Civil War at Zero—Franco Using Up Men and Materials

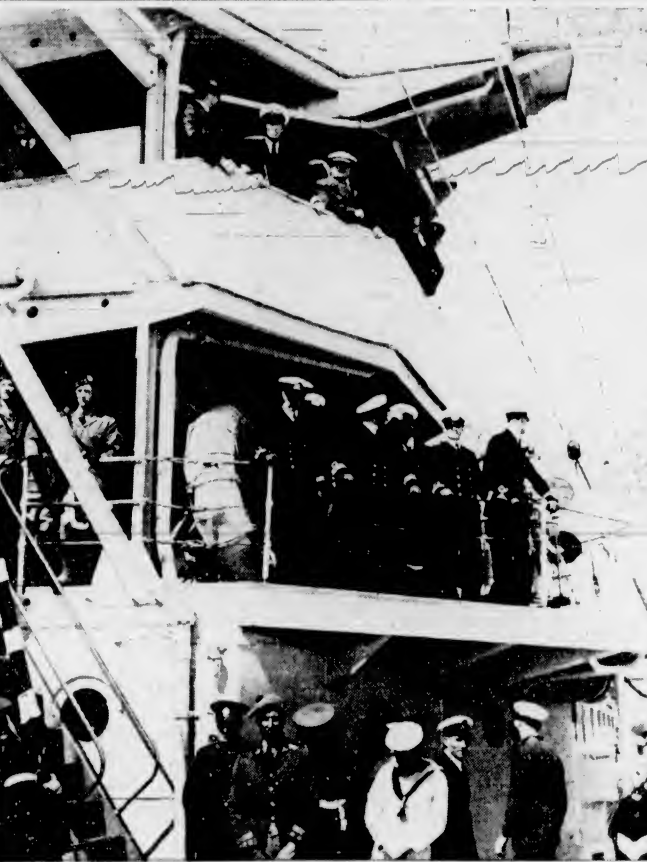

HENDAYE, France (At the Spanish Frontier), Aug. 8 (AP).—Despite insurgent gains in the Ebro River Valley today, Generalissimo Francisco Franco's chance of decisive military victory before the end of this year appeared to be practically zero because of the Government's stubborn stand before Gandesa.

Government sources said the main purpose in its Ebro offensive—to wreck Franco's summer battle plans—had been accomplished.

WIFE OUT FLANK
Insurgent dispatches said 4,000 Government militiamen had been killed and 4,000 captured, wiping out the Government's entire northern flank of the Ebro front, 150 miles southwest of Barcelona.

But such attacks, similar to that

Control Tower of Battle Cruiser York

In the tower of a ship like H.M.S. York is concentrated everything pertaining to the navigation of the craft, the display of signals and the ordering of various units of armament into action. There, too, the wireless messages are received from the reconnaissance planes, while the flag signals from accompanying war vessels are read and set down.

Yesterday, when the York was demonstrating in the strait with the Canadian destroyers Fraser and St. Laurent, the different levels of the control tower were occupied by various guests of the ship, and they proved excellent vantage points to view the evolutions and marksmanship of the York's gunners.

BOAT SINKS; CREW SAVED

Seven Rescued as Pilchard Seiner Founders in Storm Off Cape

VANCOUVER, Aug. 8 (AP).—The fifty-six-foot Vancouver pilchard seiner Tatchu lay in eighty fathoms of water off Cape Flattery tonight, sent to the bottom by a storm that struck her suddenly, but her crew of seven was safe aboard the canner, tender Maudard and being transported to port.

Advices reaching the British Columbia Packers, Ltd., here today told of the sinking of the Tatchu ten miles southwest of Cape Flattery.

The brief message to the company gave little details of the sinking but said the Tatchu foundered in a sudden storm which struck her while she was fishing off Cape Flattery.

CANNERY TENDER NEARBY
The Maudard, herself just out of the shipyard after running ashore in Loughborough Inlet, 150 miles north of here in April, was standing nearby.

Rescue of the seven men aboard the Tatchu was effected without mishap.

The British Columbia Packers said the Tatchu, captained by Hennings Hansen, had come from the reduction plant at Eoole in Bark.

Civilian, Naval and Military Leaders Watch Fine Manoeuvres From H.M.S. York—Precision and Efficiency Mark Sham Battle—Destroyers and Seaplane Take Part

WITH the Premier of British Columbia, Hon. T. D. Pattullo; the Mayor of Victoria, Andrew McGavin; Hon. John Hart, Provincial Minister of Finance; Commander C. T. Beard, senior naval officer at Esquimalt; Commander J. E. W. Oland, H.M.C.S. Naden; Brigadier J. S. Stewart, D.O.C., Military District No. 11, together with officers and men of the permanent forces and the militia as honored guests aboard, H.M.S. York, flying the flag of Vice-Admiral Sir Sidney Julius Meyrick, K.C.B., commander-in-chief, America and West Indies Station, engaged the destroyers Fraser and St. Laurent for several hours in interesting manoeuvres and a sham fight off the Victoria foreshore yesterday morning.

To the military men aboard, the manoeuvres presented an excellent opportunity for observing the accuracy of the fire of the gunners manning the heavy armament and the high angle or anti-aircraft guns of the York, as well as the fine judgment of the men behind the torpedo tubes on the Royal Canadian Navy destroyers. But what appealed the most strongly to the uninitiated laymen was the precision and efficiency demonstrated by everyone aboard the cruiser from the admiral down to the men who fed the oil into the hungry furnaces of the cruiser.

Every man aboard had a place, and he was in it, the whole ship's company working like a smooth-functioning machine. Some were stationed at bearing instruments, others at speaking-tubes passing directions, or engaged carrying out orders displayed in bunting signals.

Ocean Flyer Tested With Lie Detector

BOSTON, Aug. 8 (AP).—A "lie detector" tonight showed that Douglas Corrigan was fooling when he said he "certainly" started for California on the flight which ended in Dublin.

The "lie detector" was applied on the good-natured Corrigan at a dinner-honoring him by Dr. William Moulton Marston, New York psychologist.

The detector showed a normal curve when Corrigan asserted he did not change the destination of his flight after taking off from New York, but a slight rise when he asserted that he really started for California.

REFUGEE BRINGS DEATH
MINERSVILLE, Pa., Aug. 8 (AP).—Two men were asphyxiated by mine gas today about twelve feet from the mouth of an abandoned shaft near here. One man had taken refuge in the pit from a storm and the other had tried to rescue him.

NEW BORDER CLASH MAY WIDEN FRONT OF WARLIKE OPERATIONS

Flower Sellers in Madeira Must Be Pretty Themselves

FUNCHAL, Madeira (By Mail) (AP).—Many protests resulted from a new ruling that Madeiran street flower vendors must be under thirty and "of fine complexion." Contending their complexions frequently outclass their younger sisters, vendors over thirty forced temporary suspension of the ruling.

Doukhobor Homes Are Destroyed

NELSON, B.C., Aug. 8 (AP).—Forty Doukhobor residents were homeless tonight after a week-end electrical storm destroyed all but one house in their tiny community across the Columbia River from Glade, fifteen miles southwest of here.

Eleven cottages and a large frame house were destroyed by a lightning-started fire late last night. British Columbia Forestry Branch officials reported today. A second large house was saved.

CROPS DAMAGED IN HAILSTORM

Several Sections of Saskatchewan Hard Hit on Eve of Harvest

SALTCOATS, Sask. Aug. 8 (AP).—A five-minute hailstorm today sliced away a quarter of the grain crop in this Central Saskatchewan district, disrupted telephone communications and smashed countless windows.

In the town of Saltcoats gardens were pounded into the ground and leaves and bark stripped from trees as the hail, laced by a west wind, angled down. Water lay six inches deep in gardens.

In an area extending four miles east and four miles west of Saltcoats, crops were hailed out 100 per cent. It had been estimated the wheat crops would have yielded twenty bushels an acre.

BATTERED INTO GROUND
REGINA, Aug. 8 (AP).—Farmers about to start harvest operations saw the best crops they have had in years battered into the ground in hailstorms that struck widely-separated areas of the province Sunday and Monday.

At Estevan, in the extreme southwest, a farmer returned to town with binder twine and machinery repairs he had procured to cut a 500-acre crop, smashed down by hail on Sunday.

An area near Shaunavon in the southwest of the province, four miles wide and from twenty-five to thirty miles long, saw crops that promised a good yield after years of drought, wiped out 100 per cent.

SHOCKS IN HAWAII

HILO, Hawaii, Aug. 8 (AP).—A series of mild earth shocks were felt in the volcano district of Hawaii today. No damage was reported, but Superintendent E. G. Wingate of the Hawaii National Park said resulting slides at the extinct Devil's Throat Crater widened cracks caused by an earthquake, May 28.

LATE NEWS BULLETINS

COMMISSIONER APPEALS TO ARABS AND JEWS

JERUSALEM, Aug. 8 (AP).—An appeal to Jews and Arabs to end the "rebellious campaign of murder and sabotage" sweeping the Holy Land was broadcast tonight by Sir Harold Alfred MacMichael, High Commissioner of Trans-Jordan and commander-in-chief of Palestine. Arabs today looted a survey office at Tulkarm, carrying away with them documents and deeds which will furnish them with lists of Arab lands sold to Jews. The move was seen as arguing possible new acts of terrorism against the Jewish landowners and Arabs who parted with their property.

FIND NO TRACE OF MISSING CLIPPER PLANE

TOKIO, Aug. 8 (AP).—The Japanese steamer Canberra Maru reported today she was proceeding to a point 150 miles northeast of Douglas Reef following currents which might have carried the Hawaii Clipper, missing in the Pacific. The Japanese vessel said she cruised five times around Douglas Reef, 300 miles south of Japan, without finding a trace of the clipper, which disappeared July 28 while flying from Guam to Manila with fifteen persons aboard.

TORRENTIAL RAINS HARASSING LONDON

LONDON, Aug. 8 (AP).—Torrential rains today added further distress to inhabitants of the Metropolitan area, already harassed by several days of bad weather. At Harrow, outside London, foot bridges had to be installed in the subway station to enable commuters to reach the trains. An agricultural official said the rain would considerably delay the harvest but would not otherwise affect the crops.

QUINTUPLETS SUFFERING FROM TONSILLITIS

CALLANDER, Ont., Aug. 8 (AP).—Tonsillitis confined the world-famous quintuplets in bed tonight, causing anxiety to Dr. Allan Dufre, the kindly country doctor who brought them into the world, and to their parents, despite improvement in their condition. The sickness first was noticed Friday morning in Emily.

Latest Incident in Russo-Japanese Disagreement Takes Place 250 Miles From Changkufeng, Scene of Nearly Two Weeks Fighting—Soviet Forces Reported Preparing for Attack

Toll of Men and Munitions Mounts High on Both Sides

MOSCOW, Aug. 8 (AP).—Foreign military observers here watched closely today for further developments since Foreign Commissar Maxim Litvinoff's revelation of a new border clash 250 miles north of Changkufeng, where principal Soviet-Japanese fighting has occurred since July 29. Litvinoff said the new incident took place on the Manchukuo-Siberia frontier at Suifenho.

If this should prove an isolated incident, it will be regarded as a good sign, but if it is followed by others in the same general region, it may indicate a serious widening of the conflict likely to compel the Soviets to launch large-scale military operations to prevent any threat to Vladivostok, Russia's chief Asiatic port.

WILL ANSWER PROMPTLY
The Soviet Government already has indicated clearly that, while it is determined not to begin anything likely to widen the conflict, it will answer promptly with armed force any tendency on the other side to spread hostilities over a wider area.

This was stated most plainly by Litvinoff himself in his conversations with Mamoru Shigemitsu, the Japanese ambassador.

"It (Russia) is determined in similar cases in the future to resort to most drastic measures, including the use of artillery and aviation," he said.

Foreign diplomats were optimistic.

'PADLOCK' LAW BEING TESTED

Quebec Man Charged With Willful Violation of Provincial Statute

QUEBEC, Aug. 8 (AP).—"Padlock" order issued under Quebec's anti-Communist law by Premier Duplessis as attorney-general, was admitted in evidence over defence objection at the start of the trial today of P. X. Lessard, a charge of willful violation of a provincial statute.

The trial of Lessard, a St. Saviour Ward joiner and an alleged Communist, is the first criminal court test the province's "padlock" law, which since its enactment eighteen months ago by the Union Nationale Government, in a no-quarter campaign against Communism and other subversive elements.

PADLOCK REMOVED
Lessard was accused of having "willfully broken a provincial law" by removing a padlock from the door of his home after it had been closed by provincial police for a year on orders from the attorney-general.

When the trial opened today, Crown Prosecutor Niel DeLong sought to introduce into the records the order issued by the Premier, but Gerald Coote, Lessard's attorney, objected on the ground it could not be produced without the presence of Premier Duplessis himself.

CHALLENGES ORDER
Coote maintained the Duplessis order charging the Lessard home for a year because of the joiner's alleged Communist activities, was a "letter of condemnation" rather than a statute or official declaration of the type which can be given by such an official as the attorney-general.

But Judge Hughes Porter disagreed and ruled in support of the Crown claim it should be in evidence.

CREW SAFE AFTER FISH BOAT SINKS

Purse Seiner Hertha Reported to Have Foundered Off Point Roberts, Wash.

ANACORTES, Aug. 8 (AP).—Sebastian-Stuart Fish Co. officials here today said they were informed the purse seiner Hertha sank off Point Roberts, peninsula jutting from British Columbia south into Washington State waters.

Details were meagre, but it was understood the crew of from six to eight men aboard the Hertha, owned by Joe Burret, Ketchikan, left the ship safely.

The sinking was said to have occurred when a wave struck the vessel while the crew was pulling in the nets. Boat and gear were reported lost.

Hungarian Nobleman Is Repaying Insults After Fifteen Years

Count Lonyay, Banned From Duelling, Is Reinstated—Reports Claim Many Aristocrats May Become Involved in Affairs of Honor

BUDAPEST, Aug. 8 (AP-Havas).—A series of duels involving many Budapest aristocrats and a Hungarian nobleman who, for fifteen years was legally forbidden to reply to insults on the field of honor, was indicated today by the newspaper Reggeli Ujsag (Morning News).

According to the paper, the nobleman, Count Albert Lonyay, last night fought Prince Johannes von Und Zu Liechtenstein with sabres, wounding him slightly, after the bar had been lifted by a military court of honor.

Prince von Und Zu Liechtenstein is one of the leading members of the Hungarian branch of his family. Count Lonyay is a member of an equally prominent noble family.

MORE TO FOLLOW

The story behind the duel, and the reason for believing Count Lonyay might engage in more combats was given by the newspaper as follows:

In 1923, Count Lonyay, then a captain of hussars, insulted "in an unusual manner" Count Ferdinand Orszich by kicking him from behind as he was bowing his way out of the Austrian minister's office.

For this, Count Lonyay was removed from the rolls of the Austrian Jockey Club. At the same time he lost his rank in the army and was forbidden to duel for fifteen years.

RESTORED PANIC

As a result of Austro-German Anschluss, the Austrian Jockey Club no longer exists and two months ago a jury of Hungarian generals restored Count Lonyay to his rank of captain and gave him permission to duel.

Count Lonyay made use of this right on the first occasion. Meeting Prince von Und Zu Liechtenstein in the hall of a Budapest hotel, he challenged the prince because of insults allegedly received in the past fifteen years.

Since Count Lonyay also is reported to have received many other insults during the time he was prevented from duelling, the newspaper hinted he might spread his activities through Budapest's aristocratic circles.

"Children in arms not admitted" said the cinema attendant to a gentleman, his wife and baby.

After a great deal of persuasion on the Scot's part, the attendant agreed to let them enter on the understanding that if the baby cried they would have to come out and would have their money refunded.

After seeing half the programme, the Scot inquired of his wife what she thought of it.

"Not much," she said. "Pinch that bairn again and come on."

PROWLER CAUGHT OUTSIDE BEDROOM

Frank Moreno to Receive Sentence in City Police Court This Morning

In the city police court yesterday morning, Frank Moreno pleaded guilty of a charge of unlawfully being in the home of Mrs. Thelma Walker by night with intent to commit an indictable offence therein. He was sentenced to six months in the reformatory.

In giving evidence for the prosecution, Sergeant Sydney Watson stated he was called to 1035 View Street early on the morning of August 7. He found Moreno on the sidewalk in possession of a pass key, which was exhibited in court.

Claude L. Harrison, the city prosecutor, explained that Mrs. Walker was awakened by what she thought was a cat in her bedroom. She saw the accused on his hands and knees at the foot of the bed. He disappeared through an open window, and when apprehended had signs on his clothes of having come into contact with branches in the garden.

Moreno would make no statement when questioned by Magistrate Hall.

Prisoners Take College Degrees

PRETORIA, S. Africa (BUP).—Prisoners in Pretoria Central gaol are going in for higher education.

In addition to doing normal prison labor they are allowed to study in their cells, receive lectures from correspondence colleges and attend the prison school.

One prisoner, who is doing twenty-seven years for murder, is studying mining engineering, while others serving shorter terms are working for degrees in economics, commerce and arts.

BIDDHA CREATES PROBLEM

Signing of Agreement Prevents Great Lakes Tie-Up

MONTREAL, Aug. 8 (AP).—Threat of the Canadian Seamen's Union to tie up Great Lakes and St. Lawrence River vessels of Canada Steamship Lines faded today with the signing of a written agreement adjusting the dispute between the workers and the company. The agreement, effective until April 1, 1940, was signed late today by Managing Director T. R. Enderby, of Canada Steamship Lines, and President J. A. "Pat" Sullivan, of the Seamen's Union. Details of the agreement were not disclosed.

FUNERAL'S HELD

GANGES, Aug. 8.—The funeral took place at 3:30 p.m. last Saturday of Ralph Rankin, of Ganges, who passed away at the Lady Minto Gulf Islands Hospital at 8:30 on Friday evening, in his sixty-ninth year. Interment took place in the Central Settlement Cemetery, Mr. Newman Hassell officiating. The pallbearers were: Messrs. Gavin C. Mount, W. A. McAfee, V. Case Morris, A. W. Drake, R. Toyne and R. F. Hepburn. The late Mr. Rankin was a bachelor and a native of Maine, U.S.A., and had been a resident of Salt Spring Island for nineteen years.

WHEAT STALLS BINDER

MILWAUKEE, Aug. 8 (AP).—Delegates to the National Association of Retail Meat Dealers' convention were introduced today to the 1938 model hot dog—a streamlined wiener with a zipper. After heating the new type hot dog which has square ends, you remove the case by pulling a zipper.

BUYS AIRPORT SITE

CALGARY, Aug. 8 (AP).—Calgary owns the land for a new \$200,000 airport today. Payment of \$31,725 for the property, 640 acres of farm land just outside the north city limits, has been made, civic authorities announced today.

FLIGHT POSTPONED

BERLIN, Aug. 8 (AP).—An Air Ministry spokesman said today the Focke-Wulf Company had postponed "at least until the weekend" its plans to send one of its big passenger planes on a nonstop flight to New York.

UNITY OF EMPIRE

LONDON, Aug. 8 (AP).—R. G. Menzies, Attorney-General of Australia, left for home tonight with the advice "we should concentrate more and more on the domestic, not only of the machinery but of the point of view which will preserve the essential unity of the Imperial structure as a whole."

The minister, who took part in trade negotiations with the United Kingdom, said that modern relations between Great Britain and the self-governing Dominions "seem to me to require constant contact, real determination to understand each other's viewpoint and recognition of the fact that frank and full exchange of ideas at the relevant time is essential for the preservation of the unity of ideas and policy which, in my opinion, is vital to the Empire."

WOULD ABOLISH OFFICE

MELBOURNE, Australia, Aug. 8 (AP-Reuters).—The Dominions Office is to be abolished, a "Hansard" (debate) House of Commons Minister for External Affairs, told a meeting today. The gathering passed a resolution urging its abolition.

Mr. Hughes, who was Prime Minister of the Commonwealth during the Great War, asserted the office was unnecessary now the Dominions were self-governing. Its functions, he argued, were essentially negative.

If Australia was to have an effective voice in molding foreign policy, he added, her views must be addressed direct to the Foreign Office in London or to the Prime Minister of the United Kingdom.

Boykin and Tern Winners In Races Around Discovery Island

Favored with good sailing weather in the first of a series of three races for the Discovery and Chatham Island Cup, stars and dinghies of the Royal Victoria Yacht Club enjoyed good sport on Sunday, the course sailed being from the Cadboro Bay clubhouse around the islands and return.

Boykin, taking the northerly course, proved to be the winner in the star class, while Tern, going in the same direction, won in the dinghy class. The stars started at 10:45, while the dinghies got away five minutes later.

The finishing times for the stars were: Boykin (Blandy), 12:25:10; "Mistake" (Barrett), 12:41:35; "Aurora" (Barrett), 12:45:28; "Aquila" (Packard), 12:45:34.

The dinghies finished as follows: Tern (Walker), 12:49:15; Penguin (Ash), 1:09:36; Kismet (Gann), 1:10:57; Guillemot (Gibby), 1:12:50; Onaway (Hicks), 1:14:11; Bandido (Coat), 1:16:05; Dabchick (Beehing), 1:20:00.

STRIKE HELPER IS CONVICTED

Two Found Guilty of Obstructing Police During Blubber Bay Walkout

VANCOUVER, Aug. 8 (AP).—Hans Petersen, organizer of the International Woodworkers of America, was convicted by Magistrate R. A. Sargent in district police court today of a charge of obstructing police and fined \$50 and \$4 costs with the option of six days in jail.

The charge arose from a clash between British Columbia Police and striking employees of the Pacific Lumber Company at Blubber Bay on Texada Island in the Gulf of Georgia, last July 20.

Lin Chung, a Chinese, was also convicted of obstruction in connection with the clash and fined \$25 and \$4 costs with the option of a month in jail.

HELD BY ACCUSED

Constable Thomas Campbell said when he attempted to arrest Mrs. John Hole during the fracas on a wharf at Blubber Bay on July 20, Petersen pinned him against a freight shed and held him.

Lin Chung was said also to have interfered during the attempted arrest of Mrs. Hole.

Four others, including Mrs. Hole, have yet to be tried on charges of obstruction in connection with the clash. The magistrate adjourned their trials until Wednesday.

TREATY ALL TO THE GOOD

"It has been all to the good whatever the critics of the Ottawa agreement may say, to have a freer trade over such a wide area of the Empire," he said. "Australia has taken a full part in that effort, as is shown by the fact that she has reduced 1,500 items of custom duty on British goods out of a total of 2,000 in her tariff schedule and has made 600 reductions in foreign duties as well."

Sir Earle said such an Empire-United States treaty "wide in scope and generous and liberal in terms must have repercussions in the remainder of world trade."

He urged that negotiations should be conducted simultaneously between the United States, Britain and the Dominions for best results.

Sweep North China In Mass Movement Of War Propaganda

Communist Agents and Patriotic Students Using
Drama to Influence Population Against Japanese
Invaders—Children Teach Parents

CHINESE GUERRILLA HEADQUARTERS, CENTRAL HOPEH PROVINCE, China, Aug. 8 (AP)—Communist agents and patriotic students are directing a Chinese mass movement against Japan which is sweeping the towns and villages of North China.

The movement is guarded by the machine-guns of guerrilla armies controlling two-thirds of the territory behind Japanese advance lines. The entire provinces of Hopeh, Shansi and Shantung are now included in the anti-Japanese movement, except for narrow strips along the railways, where the flash of Japanese tanks is visible.

DRAMATIC PROPAGANDA
A Chinese leader of the movement, a twenty-six-year-old graduate of Peking National University, told the Associated Press:

"The drama is our most popular form of propaganda. We call a mass meeting at a country seat of 20,000 population. After a few political speeches, our 'under-fire' dramatic troupe stages three or four hours of anti-Japanese plays, demonstrating the atrocities committed by the Japanese and the ways in which farmers can help the guerrillas in fighting the invaders."

By far the most permanent form of propaganda is the mass education movement. The guerrillas operate 4,200 schools with enrollment of 190,000 children, according to the director of education here. The parents are taught the anti-Japanese propaganda through their children.

SOME REAL NEWS FROM WATERFRONT

RUFFALO, N.Y., Aug. 8 (AP)—When an automobile and a ship collide, that's news!

The ship, the U.S.S. Crawford, a coast guard patrol boat, was enmeshed at the foot of a waterfront street. A car smashed through a fence and plunged to the deck. Two occupants of the car were arrested on intoxication charges, and damages to the Crawford were estimated at \$200.

HIGH HOPES can't change the facts of life

All couples start life together with high hopes. Yet high hopes can't change these facts: of every 100 men now 25 years of age, only 5 will be completely self-supporting at age 65. Those of the other 95 who are still living will be supported wholly or in part by charity or relatives.

But here is a couple that doesn't just "hope" that all will go well. They have an Imperial Life policy which means that if the young husband lives he will be enabled to save money, if he grows

old he will have money to work for him, and if he dies at any time he will leave an income for his dependents.

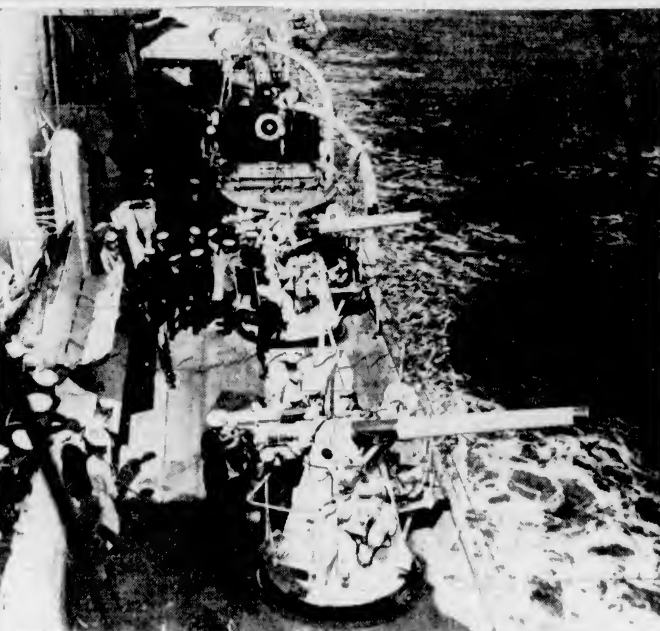

There is an Imperial Life policy to suit your circumstances—enable you to offer immediately financial security for your loved ones if you should die and for yourself if you should live to retirement age.

Talk it over with an Imperial Life representative soon. An Imperial Life policy can be the corner-stone of financial security for you.

Council Discusses Franchise Matters At Closed Session

POWER, light and transportation franchise matters may be discussed at a meeting of the City Council, to be held at 7:30 o'clock Friday night. Mayor Andrew McGavin announced. R. W. Beck, public utilities analyst and engineer, arrived here from Seattle yesterday and submitted part of his report to the City Council at a closed session in the afternoon. He will remain in the city until Sunday. Mayor McGavin stated he was satisfied with Mr. Beck's findings, designed to guide the council in setting the franchise question.

DEATH REMOVES OLD RESIDENT

W. A. "Billy" Smith, Native
Son of Victoria, Passes
In Hospital

William Applin "Billy" Smith, 465 Vancouver Street, a native son of Victoria and well-known grocer here for many years, passed away at St. Joseph's Hospital on Sunday.

Mr. Smith was born in Victoria sixty-five years ago and lived here all his life. He has been connected with the grocery business for forty-five years and was a partner with the pioneer grocery firm of Smith & Wall, whose store was at the corner of Port and Government Streets, on the site now occupied by the C.P.R. ticket office. Mr. Smith also operated the Windsor Grocery in premises opposite the Postoffice.

In 1917 he transferred his business to James Bay, and latterly operated at the corner of Menzies and Simcoe Streets. He was for many years a member of the Victoria Lawn Bowling Club and Victoria Golf Club.

He is survived by his wife, at the family residence; three sons, W. D. Stuart Smith and Albert Smith, Victoria, and Fred, in Nanaimo; one daughter, Mrs. W. G. Norris, Victoria; four brothers, H. D. Smith and Alfred Smith, Victoria, and A. A. Smith and Frank Smith, both of Seattle; also one sister, Mrs. H. Duckworth, Arizona.

Funeral services will be held tomorrow afternoon at 2 o'clock from Haywards B.C. Funeral Chapel. Rev. A. deB. Owen officiating. Interment will be in the family plot at Ross Bay Cemetery.

He is also survived by two granddaughters, Geraldine and Marilyn.

MANY DECLINE RELIEF OFFER

Over 140 Jobless Transients
Refuse Transportation
Back to Prairies

Single unemployed men classed as transients are tardy in accepting transportation back to the Prairie Provinces, as agreed upon when settlement of the unemployment situation was reached between the Provincial Government and the single jobless some time ago, officials of the Provincial relief department stated yesterday.

Under the terms of the agreement transients were to be granted assistance until the harvesting opened on the Prairies and the men, in applying for assistance payments, signed an undertaking to accept transportation back to the Prairies when it was offered to them.

EARLIER THAN EXPECTED
When the agreement was reached, it was expected that the harvest would begin about the middle of August but the start of the harvest was earlier than was anticipated, and to date transportation has been offered to 179 men.

Of that number, only thirty-seven men have accepted transportation and others have failed to return for assistance payments. Offers of transportation are to be made to a further 346 men this week.

Officials of the relief department, and of the forest branch stated yesterday, also, that there had been no discrimination against single unemployed men at the time when men were being engaged to fight forest fires.

FOREST FIRE IS NOW CONTROLLED

After flames had gutted nearly 250 acres of old cedars and spruce slash, the fire which broke out on Saturday in the Happy Valley area, has been brought under control. Fireguards were thrown around the blaze before it could damage several nearby habitations.

During Saturday a crew of seventy men was kept busy battling the flames which were fanned by a thirty-mile-an-hour southwest wind. When the breeze dropped on Sunday the men were reduced to a day shift of twenty men and a night patrol of twenty. Mr. Holmes said the blaze will not be completely stamped out until the next rain officials believed.

The flames passed close to two houses, one of which was occupied by H. A. Baxter. The other was untenanted. Both buildings escaped damage as the fire was confined to rocky ridges and the logging slash.

BAHAMAS BIG TOUR RESORT

Hon. K. Solomon, K.C., Says
Tourists Now Chief Source
Of Revenue

The sponge industry is no longer the biggest asset of the Bahamas. Those sub-tropical islands, like many other places in the world with a mild, equable climate and something out of the ordinary in scenic beauty are finding that the tourist brings in more revenue than the export trade that was formerly the mainstay of the country.

Hon. Kenneth Solomon, K.C., member of the Executive Council and leader of the Government in the Legislature of the Bahamas, who with Mrs. Solomon, is visiting Victoria in the course of her first tour of British Columbia, says that the Bahamas have become an extremely popular resort for United States, Canadian and even Old Country tourists, and the islands have become better known in the last ten years than ever before.

LAND IN DEMAND
There is a heavy demand for land among those who make a practice of wintering in the Bahamas. Mr. Solomon says. Areas that not so long ago could have been had for a song are now fetching big prices, and one lot with 100 feet of beach frontage recently was sold for \$15,000.

The Bahamas have a population of 60,000, of whom 20,000 are in Nassau, the seat of government. Though there are no party politics in the Bahamas, the Government of the islands is modeled on the lines of the British Houses of Parliament, with an appointed upper house and elected lower house, the King being represented by a governor, which office is at present held by Sir Charles Dundas.

OLD CONSTITUTION
As leader of the Government, Mr. Solomon, who was born in the Bahamas and first entered the Legislature when he was twenty-four, holds a position similar to that of a premier of a Canadian province. Like the Barbados and Bermuda, the Bahamas have a very old constitution, which has never been lost.

Unlike the legislative assemblies of Canada, however, all appointed and elected members of the Government of the Bahamas serve in an honorary capacity, and only the civil servants receive remuneration.

For many years Mr. and Mrs. Solomon have visited England each Summer, but this year they decided to travel through Canada, Alaska and the United States.

Today Mr. Solomon will be the guest speaker at the weekly luncheon meeting of the Kiwanis Club in the Empress Hotel and will give an address on "Bahamas and Its Constitution." Mr. and Mrs. Solomon will leave Victoria on Thursday for Vancouver, whence they will sail for Alaska.

CHILAN, Wash., Aug. 8 (AP)—Crystal Swimming Club of Seattle, won the Northwest outdoor championships here yesterday by scoring forty-one points, twelve more than its nearest competitor, the Vancouver B.C. Swimming Association.

Washington Athletic Club, Seattle, was fourth with twenty-four; Kelowna, B.C., next with fifteen; and Victoria, B.C., fifth with eleven. George Personette led the Crystal swimmers, taking first in the fifty-yard and 100-yard free style events.

BRIDGES IS NOT AFRAID

Split in Ranks of C.I.O. Council of No Great Significance

SAN FRANCISCO, Aug. 8.—Harry Bridges, West Coast Committee for Industrial Organization director, said today he was not afraid of a split in C.I.O. ranks in Los Angeles, where four C.I.O. unions voted yesterday to withdraw from the C.I.O. Industrial Union Council.

"Of the so-called seceding unions in Los Angeles, only the seceding workers mean anything," declared Bridges. "They wouldn't have more than 7,000 workers, and their strength at that rate would only be 4 per cent of the C.I.O. members in the state."

Lifting the York's Amphibian Aboard

During the naval demonstration yesterday morning, when H.M.S. York and the Canadian destroyers Fraser and St. Laurent engaged in manoeuvres off the Victoria waterfront, the cruiser's seaplane played an important part. The machine was catapulted from the York's deck and after a reconnaissance flight, was picked up again. It is shown being hoisted aboard the flagship.

DEATH CALLS VETERAN PILOT

Capt. Andrew Christensen, Native Son, Passes in Nursing Home

Captain Andrew Christensen, for many years a pilot in coastal waters, died Sunday morning in a private nursing home here. He was sixty-four years of age and had been in poor health for a number of years.

Captain Christensen was born in Victoria on March 9, 1874 and received his education at St. Louis College. He began a career at sea at an early age and was the first native son of Victoria to join the British Columbia pilotage. That was in 1912. He continued in the service after it was placed under Government control.

Captain Christensen was one of the only two saved when the steamer *Velox* was wrecked off Trial Island while transporting stone for the construction of the Legislative Building here in 1902. He was master of the tug *Clear* in the service of the Esquimalt and Nanaimo Railway when the transfer barge began operating between Vancouver and Ladysmith.

He is survived by his wife; one

son, William, of the Provincial Police Force at Nanaimo; a niece, Elsie McLachlan, and two nephews, Andrew and Jack McLachlan, 224 Kingston Street, Victoria, and two grandchildren, Dola and Lorne.

The funeral will be held at 3:30 o'clock this afternoon from Hayward's B.C. Funeral Chapel, Rev. G. H. Scarrett officiating. Burial will be made in the family plot at Ross Bay Cemetery.

HARBOR HEADS AT VANCOUVER

Chairman of National Board With Other Officials on Inspection Tour

VANCOUVER, Aug. 8.—R. O. Campney, chairman of the National Harbors Board, arrived in Vancouver today in the course of an inspection tour of port facilities throughout the Dominion.

Mr. Campney failed to comment on the question of a fireboat for the harbor, but said he could see "no reason why Vancouver should not get its share of wheat shipments this year."

He was accompanied by Commissioner B. J. Roberts, E. G. Cameron, engineer, and F. W. Riddell, executive secretary of the national board. He expected to be in Vancouver several days.

Commissioner Roberts will go to Portland, August 17, to represent the board at the convention of the Pacific Association of Port Authorities.

JEFFERSON IN SUNDAY NIGHT

American Mail Line Ship Continued to Seattle Yesterday Morning

Bringing in a total passenger list of twelve, mostly navy men and their families, the American Mail Line S.S. President Jefferson, Captain John Griffith, U.S.N.R., commander, arrived alongside Rithet Pier at 9 o'clock Sunday night, in bound from Manila via way ports in China and Japan. Cargo for Victoria totaled 216 tons of general merchandise. The Jefferson continued to Seattle, where she will be tied up indefinitely, at 1:15 a.m. yesterday.

Among the liner's passengers was M. E. Blackman, of the Douglas Fir Export Company, Seattle, who was returning from a business trip to the Orient. Mr. Blackman reported the floods at Kobe and Osaka had been responsible for far more damage than had been stated by Japanese authorities. He said that there were 900 casualties, including four Europeans, and that the financial losses totaled 246,000,000 yen. The water supply of Kobe was cut off and there had been great fear of pestilence. The authorities, he said, had taken prompt measures to prevent an epidemic outbreak.

Other travelers arriving on the Jefferson were Commander and Mrs. R. L. Lewis and their three children, Lieutenant and Mrs. W. F. Brown and son and Mrs. Brown's mother, Mrs. Leroy Brown, and Lieutenant and Mrs. Thomas Montgomery.

DUE THIS MORNING

The Canadian Pacific S.S. Empress of Japan will arrive here this morning. Advice from the ship stated she would reach Victoria Harbor at 9:15 a.m. today, which should bring the liner up to Rithet Pier about an hour later. The Japan is commanded by Captain L. D. Douglas, R.N.R. and is bringing in a large list of passengers, heavy mails and cargo.

HERE YESTERDAY

Coming in from the United Kingdom by way of California ports, the Royal Mail Line S.S. Nebraska was an arrival at Ogden Point Pier on Sunday. She docked at 3:30 p.m. and began working cargo first yesterday morning. The Nebraska

U.S. Navy Claims World

Marks for Descents to Great Depths

WASHINGTON, Aug. 8.—The United States Navy claimed world records today for two of its divers. Under simulated sea conditions, two experts underwent tests at the Washington Navy Yard equivalent to a depth of 500 feet. It was announced.

In the open sea, Master Diver William Badders, Annapolis, Md., made an actual descent of 402 feet last month off the New England Coast. The tests were made in the course of experiments to improve submarine salvage methods. They were made possible by a synthetic breathing mixture of helium and oxygen, with which the navy and the Bureau of Mines have been experimenting since 1925.

BOTH Badders and Master Diver J. H. McDonald, Los Angeles, Cal., who participated in the tests at the navy yard, used standard rubber diving suits of the type used in attempting the rescue of trapped submarine crews.

OTHER DEPTHS

A depth of 306 feet had been reached previously in attempts to salvage an undersea craft off Honolulu. Last year a descent of 420 feet was credited to Max E. Nohl, a commercial diver, who used the oxy-helium mixture at Milwaukee, but experts here said he used a different type of equipment.

Far greater depths have been reached by such divers as Dr. William Beebe's bathysphere, but these permit only observation.

Helium the rare non-inflammable gas of which the United States is believed to have a virtual monopoly is inert and is absorbed by blood and tissues much less than nitrogen, which it replaces in the synthetic mixture.

PIONEER PRODUCTION

VANCOUVER, Aug. 8.—Pioneer Gold Mines of British Columbia reported tonight a July gross production of \$150,000, the same as in June, which brings the seven months gross to \$1,182,500 compared to \$1,252,000 during a similar period in 1937.

left 300 tons of general cargo here and loaded salmon and coopeage stock for the passage home.

VISITOR HERE

J. Donald Guthrie, who was formerly a deck officer on Pacific Coast Steamship vessels running between California ports, Victoria and Seattle, is a visitor to Victoria. He called on W. M. Allan, who was agent for the line while it was operating, and will leave today for Nanaimo Bay, where a brother-in-law resides. Captain Guthrie is now a San Francisco bar pilot.

German Catapult Plane Made Fast Time From Horta

PORT WASHINGTON, N.Y., Aug. 8.—The German catapult plane Nordwind, which was launched at the International Airport here today after a flight of fifteen hours, 50 minutes from Horta, the Azores.

The flight, commanded by Captain Hans Werner von Engel, was the fastest westward crossing in the three years of German "exploratory" flying across the North Atlantic.

TAKING STOCK OF PAST DAYS

Cranbrook Will Celebrate Next Month With Pioneers' Reunion

CRANBROOK, Aug. 8.—Cranbrook's brief but colorful decades of development will be renewed during Cranbrook Pioneers' Reunion, September 5 to 10, and already there is hardly a yard of bunting to be had for love or money.

Every city wants to take time out at some stage to take stock of the past, and Cranbrook has adopted the fourth anniversary of the coming of the steel of the Canadian Pacific Crow's Nest Pass Line as the occasion.

IS DRESSING UP

Cranbrook is dressing up, with the best of it and tucker to show, the world with rousing enthusiasm, enthusiasm what an up-and-coming lumbering, mining, railway and distributing centre of 2,500 people looks like.

Streamlined filling stations and air-conditioned movie palaces replace saloons and gambling halls of the early days. Gone are the muddy wagon roads to make way for wide, paved boulevards. Bearded prospectors, or members of M. J. Haney's rough and tumble railway gangs of yesterday, might describe the place as somewhat too refined but Mayor T. M. Roberts and his reunion committee point with justifiable pride to an enviable record of achievement placing Cranbrook's huge open-air swimming pool, parks, playgrounds and tree-lined streets as noteworthy civic assets.

Definitely linked to the railway which gave the city birth, the reunion's red-letter event is set for Friday, September 9, when Sir Edward Beatty, chairman and president of the Canadian Pacific will be the honored guest to receive the freedom of the city from Mayor Roberts and attend a civic banquet.

RAILROADERS' DAY

That day has been set aside as railroaders' day and men of the rails from all parts of the country will be on hand to prove once more that many of the nation's railway leaders got their start in the Crow's Nest and Kootenay countries. The list is long, including D. C. Coleman, senior vice-president of the Canadian National, H. J. Humphrey, vice-president and general manager of C.P.R. Eastern Lines, Toronto, and C. A. Cottrell, C.P.R. assistant general manager at Vancouver.

Hugh Brock, veteran Cranbrook engineer, who pulled the first train into the city forty years ago, holds an honored place in the coming celebration, which will see a spik and span Kootenay city opening its gates.

Lindbergh Plane Lands Safely at Lympe Airdrome

PARIS, Aug. 8.—Mystery of the whereabouts of Col. Charles A. Lindbergh was cleared up today by an announcement that he and Mrs. Lindbergh had landed at Le Bourget Airport last night after a flight from Le Havre.

The airport commandant's office said the Lindberghs had landed at 6:55 p.m. They had been unreported since 3 p.m. yesterday, when they took off at Reizeux Airport, Le Havre where they had landed for motor repairs.

This morning Colonel Lindbergh and Mrs. Lindbergh flew to Lympe, England. They proceeded to Reading, where Colonel Lindbergh's airplane was built. It was understood he would have repairs and alterations on the plane made there.

Crowd of 300 Enjoys Successful Picnic—Softball and Other Sports Conducted

Members, their families and friends, numbering over 300 attended the annual picnic of Capital City Lodge No. 61, Knights of Pythias, held Sunday in the grounds of Royce, Prince Allison's country home at the foot of Mount Douglas.

The committee in charge had the picturesque grounds well laid out for various games, and everyone present was provided with plenty of entertainment throughout the day. The highlight of the outing was the presence of Royce's Band, which rendered a lengthy programme of lively popular music. The efforts of the young musicians were much enjoyed and appreciated by the large gathering.

A lengthy programme of races and novelty events was run off during the afternoon, and in the evening the Capital City Lodge softball team was held to a draw in their game with "the rest."

Besides members of Capital City Lodge there was also present a good representation from War West Victoria Lodge No. 1 and the Pythian Sisters, as well as several members from Nanaimo, who were welcomed in a few remarks given by Chancellor Commander William Jones.

NORTH SHORE DEFEATS WINNIPEG TO ENTER FINAL

Ambers to Claim Welter Honors If He Is Successful

Lightweight Champion States He Will Take Armstrong's Crown if He Wins Tomorrow's Fight in New York—Colored Boxer Remains Favorite to Win Third Title

NEW YORK, Aug. 8 (AP)—Henry Armstrong's welterweight title will be officially on the line when he meets Lou Ambers tomorrow night. Ambers will claim it if he wins decisively and the public probably will recognize him.

The New York State Athletic Commission has ruled that only the 135-pound diadem will be at stake, but that will make no difference to Manager Al Weill if his "Herky" hurricane does the unexpected and wins.

"We'll wait until Wednesday night to see what happens," Weill said. "It is a fast, exciting fight and Lou wins by a wide margin, he'll be the welterweight champion in the eyes of the fans who pay the freight and after all that's what will count."

Meanwhile the advance sale for the fifteen-round bout in the Polo grounds got no better rapidly. A brief week-end spurt led Promoter Mike Jacobs to predict that "he'll hit the \$100,000 mark sure," but more conservative sources estimated

the fight would gross nearer the \$80,000 mark.

The advance sale is now \$25,000.

ARMSTRONG FAVORED

Betting continued to favor Armstrong at odds of 11 and 12 to 5 with little wagering. A sudden influx of Ambers money late last week was gobbled up rapidly and there has been none since.

It will be one of those unusual occasions where the defending champion will enter the ring on the short end of the betting.

Heavyweight Champion Joe Louis flew in from Detroit today and was rushed out to Summit to watch Ambers in his final workout. Joe refused to make a prediction.

The little negro, who will be gunning for his third ring title in less than a year, took a day off at Brompton Lakes. He failed to impress observers in his last drill Sunday, but was pronounced in top-top shape by his handlers.

There will be no more hard work in either camp. Ambers and Armstrong will take it easy until time for the weighing in at noon on Wednesday.

GORGE VALE IN FINE VICTORY

Turn Back Port Angeles Shotmakers in Inter-City Match Here

Posting some neat victories after competition, Gorge Vale Golf Club came through with a 60 to 25½ triumph over the visiting Port Angeles club in Sunday's inter-city match here.

The local course. It was a return match between the two clubs, the Vale shotmakers having visited the American city a few weeks ago. During the day and following the match the visitors were treated royally by the local officials. "We have never been treated better by a club," stated a spokesman for the Port Angeles team before heading for the afternoon boat for home.

HAMBLETONIAN TO BE STAGED

Rich Harness Racing Event To Be Run Off Tomorrow At Goshen

GOSHEN, N.Y., Aug. 8 (AP)—The Hambletonian, Kentucky Derby of light harness horse racing, is expected to draw ten, possibly twelve, three-year-old trotters to the post on Wednesday for its thirteenth renewal at Good Time Park.

The owners and trainers have until tomorrow noon to decide whether they will shell out the additional starting fee of \$250 for trotting's richest race. However, as the Grand Circuit meeting opened today two trainers indicated they would have their charges in line when Starter Steve Phillips sends them away in the first of two-out-three heats. Two other trainers said they had not made up their minds.

The list are the two favorites: E. J. Merkle's Long Key, of Columbus, Ohio, with which Ben White, veteran trainer and driver, will seek his third Hambletonian victory; and McLin from Lawrence, B. Shephard's Hanover, Pa. Shoe Farms.

HANOVER'S HOPES

McLin, purchased last week from W. H. Cane for \$20,000, will carry

Automobile Racing Meet This Week at Langford Speedway

SPEED demons of the Pacific Northwest will return to the Langford Speedway Saturday evening for another international automobile racing meet. Jack Taylor, track manager, announced last night the line-up is not known at present, but it is expected that the best drivers will again be on hand from Seattle including Swede Larson, Jack Spaulding, Ed MacMurtrie and Chic Barbo.

FIVE C'S WIN EIGHTH MATCH

Defeat Seattle Eleven With Ease—Still Unbeaten in League Play

Playing at Seattle over the weekend, Five C's, undefeated leaders in the Victoria and District Cricket Association race, ran their winning streak to eight games when they defeated the Sound City side in easy fashion. Churchmen scored 183 for six wickets and Seattle replied with 55 runs.

Winning the toss and batting first, the unbeaten leaders got away to a shaky start, losing Jack Payne's wicket with only twelve runs on the board. Four wickets were down for sixty-six runs, then Hepworth and George Payne took the total to 112 for the fifth wicket, the latter following up his brilliant 100 not out at Duncan with another good innings of 74 not out. Yoxall carried the total to 183 for six wickets, when Eric Quinlan declared the innings closed.

Seattle played carefully but they could not master the Five C's opening bowlers and wickets fell rapidly. The sixth seventh and eighth wickets all fell at 51 and the innings finally closed for 55 runs.

Hepworth had the splendid analysis of five wickets for 15 runs and Jack Payne four for 28.

Norman Holland Is Winner of Salmon Derby Staged Here

Lands Twenty-Six and Three-Quarter-Pound Fish Shortly After Competition Started to Take First Prize for Largest Catch

Weighing in a twenty-six-and-three-quarter-pound salmon, the largest of the 102 fish caught Sunday during the second salmon derby of 1938 staged by the Victoria-Saanich Inlet Anglers' Association, Norman Holland, local sportsman, won the coveted first prize, a beautiful silver coffee percolator set.

Holland was just another angler at the start of the morning when the bark of the starting gun sent approximately 350 anglers—men and women—off in search of fish, but little more than twelve hours later he was victorious champion for a day, an honor all sought, but only one could claim. Sunday that man was Norman Holland. Later in the evening he was unquestionably one of the happiest men in the large throng assembled at the prize-giving ceremony at the Anchorage where he received the award, and with it the plaudits of the other anglers.

QUICK CATCH

The winning catch was made less than one hour after the start of the competition, and as Holland was letting his line out near Whitaker's Point. The strike caused no little excitement and when the catch was in the boat the lucky angler made full speed for the weighing station. It was the first salmon officially weighed by those in charge of the scales and the largest landed during the twelve hours of the popular event.

Les Gelling and L. M. McLellan landed catches of twenty-six pounds, and the loss of the coin gave the former second prize, a silver tea service, while the third award, a

waffle iron, went to McLellan. The winner and the runner-up also qualified for their prized bronze buttons. George Clifford reeled in a fine twenty-five-and-one-half-pound salmon and took fourth prize, a carving set.

Women's champion for the day with a seventeen-pound catch, Mrs. A. Silby was awarded a sixty-six-piece China dinner set. Mrs. L. H. Brown, winner in this class in the last competition, took the runner-up prize with her fourteen-and-one-half-pound salmon, while Mrs. H. L. Duncan, with a catch weighing nine-and-one-quarter pounds, lifted third honors.

The rowboat special went to H. Cook with a five-and-one-half-pound fish. Miss Deakin and J. Purdy won consolation awards.

LARGEST CATCH

Mr. and Mrs. A. Silby and C. W. Tubby, angling on the same boat, were credited with the largest catch of the day, seventeen fish including Mrs. Silby's prize-winning salmon. Norman Holland's party hooked seven.

Tommy McPherson, general president of the Victoria-Saanich Inlet Anglers' Association, presented the many handsome prizes at the grand finale at The Anchorage.

George "Joker" Patton, Fred Ray, Chuck Kinkaid and Dave Cook were in charge of the scales. Other catches were: B. Brown, 24-3-4; R. Fleming, 21; Elbert Wilson, 23; Fred Ray, 19-1-2; Mrs. Miller, 16-1-2; J. Purdy, 22; W. Hill, 20-1-2; Weston, Holland, 18-1-2; Blackley, 22-1-2; P. Jenkins, 15; Len Holyoak, 14-3-4; S. Silburn, 18-1-2; J. Heal, 18, and B. Rederave, 15-1-2.

WOODMEN WIN SECOND GAME

Defeat Young Citizens in "B" Play-Offs, 12-7—Game Tonight

Making in two straight over the Young Citizens' League, "D" section champions, Manager Bert Simpson's Colwood Wood softballers last night marched into the Vancouver Island play-downs. Woodmen defeated the Young Citizens, 14-11, at Central Park after taking the initial "A" play-down last week, 10-6.

For three innings the "D" section made things interesting for the fans and for the Colwood squad, the latter finally pulling away in the fourth frame. Woodmen continued to bunch their hits in the two succeeding frames and established a substantial lead. Young Citizens showed plenty of fight, however, and drove over a trio of markers in the seventh and final inning.

Score: Colwood Wood, 021 333 0-12; Young Citizens, 021 001 3-7. Batteries: Buddell and H. Milligan; Perkins and Oakley.

ADVERTS. WIN

Driving over eight units in the seventh and eighth stanzas, Manager Bob Whyte's Adverts. women's league softball squad last night came from behind to defeat Hunt's Garage, 14-11, at Central Park.

Hunt's Garage broke a 2-2 deadlock with four runs in the third session and pushed over another quartette of markers in the next inning to assume a 10-5 lead. Adverts sent one runner the distance in the sixth, but their opponents discounted that tally in their half of the seventh. Back came the Adverts with four runs in the seventh and four more in the eighth to take the ball game, 14-11.

Adverts will continue their bid for the women's league honors tomorrow evening when they oppose the undefeated Cardinals in the first of the best-of-three series for the championship.

Score: Hunt's Garage, 101 440 100-11; Adverts, 020 031 44-14. Batteries: K. House and G. Jones; P. Kennedy and M. Hartnett.

MAJOR LEAGUE SQUADS IDLE

The senior "A" championship series between the Victoria Longshoremen and the Cameron Lumber will continue this evening at the Royal Athletic Park. Stevedores took the initial clash last week when they eked out a 2-1 victory over the lumbermen.

Roy McLellan, Cameron's ace pitcher, will probably hurl against the longshoremen, while Manager Jim Lickie's choice will rest between Ralph Bomer, portlander and Bill Tesky, 230-pound moundman.

AMERICAN AND NATIONAL BALL CLUBS TAKE DAY OFF—Sunday's Results

SYRACUSE, N.Y., Aug. 8 (AP)—The Chiefs got only three hits tonight, while Montreal collected eleven, but one of the Syracuse blows was a homer by Nin Boulogne, with Al Clevenger aboard in the fourth and it decided the 3-1 verdict for Syracuse. Latest of Water Sports

The fast-growing sport of water skiing attracted Otto Lang, disciple of the Hanes Schneider Ski School at St. Anton am Arber, Austria, at Coronado, Calif. Lang is shown executing a "dry landing." He speaks highly of water skiing as a Summer sport and as an opportunity for skiers to keep in good physical condition for the cold months. Lang is just entering the famous "snow plough" stop in a "dry landing" in which the skier lets go of the rope and coasts into the dock without getting wet.

ALICE MARBLE IN EASY WIN

Top-Seeded Player Scores One-Sided Victory Over New York Girl

RYE, N.Y., Aug. 8 (AP)—For the third straight day rain interfered with the Eastern grass courts tennis championships at the Westchester Country Club today, forcing officials to revise their schedule for the week in order to complete the tournament on time.

Of thirty-six matches scheduled today only eighteen were completed. Five were interrupted before they could be finished. As a result the programme for the rest of the week will be crowded and it may be necessary to play even the quarter-final and semi-final matches the same afternoon.

As far as it went today's play was featured by the performance of top-seeded Alice Marble in a third-round women's singles match. She defeated Helen Bernhardt, of New York, one of the better young players, 6-0, 6-1, allowing her opponent four points in the first set and only one in the entire match.

In the men's singles, the two seeded stars who completed their matches, Bryan "Buzzy" Grant, No. 3, and Edward Connel, No. 5, both won handily. Mrs. Dorothy Aldrich, fifth and last in the women's second round, was eliminated in the second round, losing down 6-4, 6-4 before Margaret Osborne of San Francisco.

Grant, slipping and skidding on the wet turf, came through with an unimpressive 6-2, 6-4 victory over Robert Prochaska, of Hartford. Conn. Cooke defeated William Murphy, of Chicago, 6-0, 6-4.

IS AGAINST TENNIS BODY

Coach of Frank Kovacs Makes Several Charges Against U.S.L.T.A.

NEW YORK, Aug. 8 (AP)—Charging that the United States Lawn Tennis Association sought to "intimidate" him by taking charge of his Davis Cup hopeful and star pupil, Frank Kovacs, George Hudson started a one-man rebellion against the ruling body of United States tennis today.

Hudson, Oakland, Calif., coach of Kovacs, Bobby Harmon, Kovacs' doubles partner; Virginia Wolfenden, of San Francisco, and Patricia Canning, of Alameda, declared: "At the 'Seaboard' '38' tournament, due to the pressure being brought upon Kovacs by tennis officials, it was no longer healthy for the led to be seen in my company."

Hudson said he contemplated legal action against the U.S.L.T.A. to clear himself of implied charges that he was unduly "capitalizing" his connections with young stars including Kovacs, and for the purpose of shedding light on the "real conditions existing in amateur tennis."

At the U.S.L.T.A. offices in the city, Ed Moss, the executive secretary, told the Associated Press he knew nothing about Hudson's charges except what he had read in the papers.

Hudson said he felt his action against the U.S.L.T.A. was unfortunate, "not only for myself but for Frank as well." He ended his statement with several questions concerning the U.S.L.T.A.

LIFE'S LIKE THAT - By Fred Neher

If I Hit the Next One Over the Fence, I've Mind if I Run From Third to Second to First Base and Then Home. Just to Break the Monotony!

**Jane Dixon Says:**

A WHINING WIFE AND A HUSBAND WITH A BAD TEMPER DO NOT PRESERVE MARITAL HAPPINESS.

Sometimes love dies as quickly as it was born. No use expecting sympathy or reason from one who no longer loves. A dead love is cold, even cruel. Tears and whimpers only disgust or infuriate it. Calm and a sturdy facing of the fact, is the only treatment that offers a grain of restorative value.

"Dear Miss Dixon: "My husband has quite a temper and says anything that pops into his mind. Recently a man said something about me I didn't like, so I told him what I thought of his actions. Instead of my husband standing by me he said I was a fool. Both men were drinking at the time.

"Later my husband apologized, but he suggested that we separate—he taking my darling baby boy and going to live with his people. He said he and the baby would come back when I wanted them. This broke my heart. I cried and cried, but he didn't seem to care. He doesn't seem to have any sympathy for me.

"Before this mix-up no one could have acted as though they loved me more than he. He changed in such a short time that I can't believe it. I love him so much I can't live without him. I guess he has plenty of reason to think he can do anything and I'll still be there to love him. Could a person care for you and do things to hurt you?"

"We live with some of my people, and sometimes I feel I can't stay another minute, but financial conditions compel us to do so—we're paying on a car and it takes about everything my husband earns to keep it. We don't get on so well with the folks in the house either.

"Worried Sick."

Comment: A combination of financial worries—a crying wife and family strife—is enough to turn a man's temper topsy-turvy. And speaking of turning, you had better take a grip on yourself and turn off those tears. Nothing is so distasteful to a man as a whining woman.

Unless your husband requires a car for his work, he should have enough pride, enough manhood, to supply his wife and child with some sort of a home, however modest, before he takes to rubber tugs.

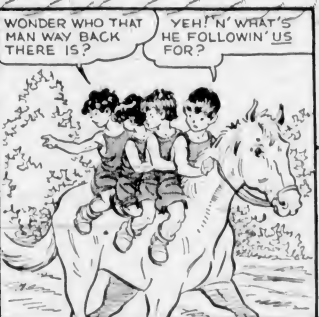

For the sake of your child, you and your husband should get together, talk your situation over calmly, try to arrange to take a small place of your own and retrieve what is left of your dwindling happiness.

SPOTTED [marked "do you know that woman across the street?" "She certainly looks familiar," came Brown's reply. "Is my wife's passed by a smartly dressed woman dress, my daughters hat, my Smith was sure that he knew her mother-in-law's parasol—why of "I say, Brown, old man," he re—course, it's our cook!"

TELLS OF MILL WITHIN MINE

F. H. Hoadley Describes
Work Done at Big Missouri
Property Near Stewart

In a very interesting address by F. H. Hoadley, of the engineering staff of the Big Missouri Mine, near Stewart, members of the Gyro Club yesterday were given considerable information as to the workings of the largest underground mill in the world. He showed how the ingenuity of mining engineers is called into requisition in meeting the problems of nature in hiding the mineral treasures away from the easy task of reaching them.

The speaker outlined, by the reproduction on a blackboard of the various workings and what was accomplished by means of the operations that were in use.

There had been other mills of a somewhat similar character, Mr. Hoadley said, and he mentioned one in the United States, but the work at the Big Missouri differed materially from the others.

The explanation of the mill was that it was necessary in order to economize in the recovery of ore bodies which had been hidden somewhat by the faulting in the general rock formation.

GRAVITATION OF ORE
By a series of rough sketches, he showed how by means of slopes in the workings which had a general slope of 35 degrees the ore bodies were reached and by gravitation deposited in bins. In the coarse form, the ore was crushed finer and then passed on by gravitation into other bins until finally after different processes the ore found its way to the great bins, where by precipitation the necessary treatment of the ore took place.

The necessary precipitate was taken out and conveyed to the mill for further treatment and the mineral separation took place.

The works are taking care of about from 500 to 700 tons of ore a day.

The speaker was introduced by W. C. Hudson, who referred to the fact that Mr. Hoadley was a native of British Columbia. The speaker was

thanked by R. L. Chailoner, who presided at the luncheon, which was held in the Empress Hotel.

FIVE BATHERS HURT BY LIGHTNING BOLT

NEW YORK, Aug. 8 (AP).—Five bathers, injured by a freak lightning bolt that killed three other persons and stunned fifteen in a crowd of 80,000 at Jacob Rills Park Beach, remained in a hospital today for treatment. The condition of two was serious.

The bolt struck yesterday and raced 300 yards along the thronged beach front, throwing thousands of bathers into a panic.

HOLD CONFERENCE WITH DIRECTORS

Farmer's Institute Board of Salt Spring Meet Trustees of New Consolidated School Area

SALTSPRING ISLAND, Aug. 8.—A meeting of the board of directors of the Salt Spring Island Farmers' Institute was held on Saturday evening in the Mahon Hall, Ganfers. The president, R. C. King, was in the chair.

The chief business before the meeting was the conference with the newly elected trustees for the consolidated school area of Salt Spring Island. The spokesman, Gavin C. Mouat, put before the board certain requests pending the building of the new school. He asked for free discussion on the requests and proposals brought forward.

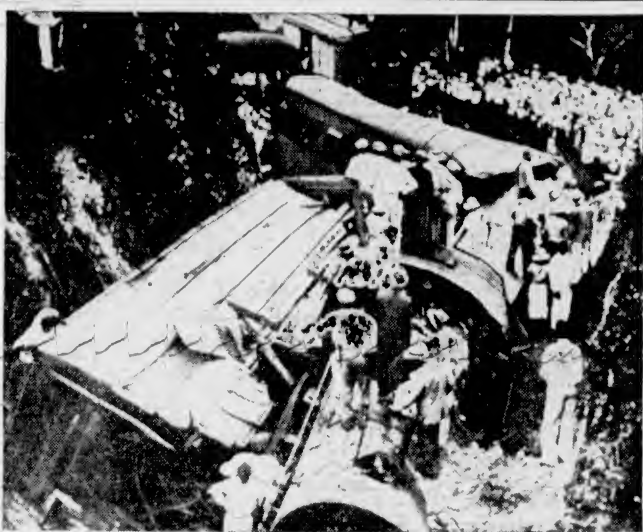

It was felt by the directors unanimously, that the proposals put before them were fair and reasonable and it was agreed by both sides to have the matter put into legal form, when the agreement would be again brought before the directors for signature.

Prior to retiring, Mr. Mouat thanked the directors for their favorable reception.

APPOINTMENT MADE

The business meeting was then proceeded with, the secretary reading the minutes and correspondence. Mr. Kyrbo, of Ganfers, was recommended to the Ganfers Women's Institute as a representative from the

CALLING NEW RECRUITS

ZARAGOZA, Spain, Aug. 8 (AP).—The Insurgent Defense Minister issued an order today calling for a new class of recruits from among those born in the first three months of 1920, who ordinarily would report for military training in 1941. The class was assigned to the infantry to report for training August 20 and 30.

Another Eve

By JANE DIXON

CHAPTER IX

Eve knew, before they were long on the road back to town that Jeff proposed to ride out his fury. Once, when they missed another car by so narrow a margin that women in it screamed with fright, Eve steered herself to remark lightly, "They lost their cyclashes, poor dears. Do we have to be in such a tearing hurry?" Jeff consulted the speedometer. "We're making only eighty or so," he said. "This bus does a hundred without extending itself. We'll step on it until we get to Edwards. Then

we can get rid of the glooms that old fool McGlynn hung on us. I'm sorry, Eve. I took you out there on a blow-up. You'd think a man who has been in the game as long as McGlynn would have some decent amount of savvy. If he had it, though, he'd own his own stables instead of working for others. It's always the same with his kind—stupidity and a lot of sentiment. Imagine his wanting to save that broken-down pony by buying him."

Eve wanted to cut back with, "How did you come to own your stables, this speed demon—You're driving every thread of clothes you have on, Jeffrey Tilford? Did you earn them, or did your father hand them to you on a silver platter?" But she held her tongue, bit it when the car careened past a truck and leaped back to the road by a miracle.

"Not frightened, are you?" Jeff leaned over so that he touched Eve's shoulder.

"Not especially," she lied. "I was just wondering if you ever try it with wings."

They flashed past a motorcycle policeman. Eve said, "Could that be the law putting along behind us?"

"Undoubtedly, I'm the gendarme's delight. This one will follow me into Edwards's. I'll slip him a bank-note and he'll go buy shoes for the kiddies."

"That will be nice. She must keep the curl from her lips. "Another quarter of an inch and there'd have been no more shoes from daddy."

The rear wheels of the car described a half circle as Jeff swerved the car into the drive at Edwards's and ground the brakes savagely.

Eve hoped her laugh wouldn't betray her. "Isn't it marvelous," she said. "We're here and practically whole."

"Come, come," Jeff was on Eve's side of the car, lifting her out with a ray flourish. "We'll probably be arrested for lingering on the public highway."

Edwards's shrine of epicures, rustic rendezvous of fashionable spillways of spenders, was presided over by the dean of French chefs in America. Against the background of a simple country inn, an artist wrought magic for men and women to feast upon. Eve liked the place at once. There was no nonsense about it. Frankly it was a place to eat, to enjoy one's food and the company that went with it.

"Now then," Jeff had thrown off his dark mood. "We'll have your favorite tipple, Walter, a tall shaker of orange blossom. Very tall, and don't pull the punches."

"But—but," Eve flushed with confusion. "How did you know I like orange blossoms?"

"So there are those who can still blush," Jeff marvelled. "I might say it's my heart's wish. I can say—say—to yourself—this fellow will probably get slushy. So I'll skip the foreword and tell you that you were chain-swaggering orange blossoms in the Penguin one recent evening. Chain-swaggering is very bad for young ladies with red hair and a complexion."

"You think it might ruin my facial beauty?" Eve feigned alarm.

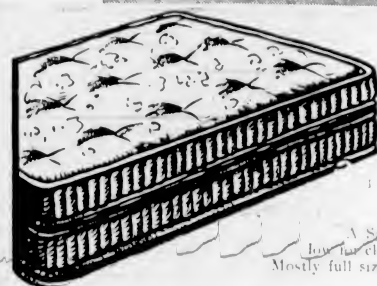

"Sure to just like that," Jeff snapped his fingers. "Only way to save yourself is to do all your chain-swaggering with me. Just across the table from you, Miss March, the fellow with the business shoulders and the outdoor expression is the world's champion chain-swagger. Health exudes from him like perspiration from a wrestler. What say? Are you willing to pull all other systems aside and cling only to his?"

"Mr. Tilford, you're too generous. I appreciate your sharing this great secret with me, really I do, but you see—I have a very nooby little system of my own. I just have the headaches left out of my orange blossoms."

"You mean you drink orange juice with cracked ice—and no wallop?"

"Exactly. Cute trick, isn't it?" Jeff exploded. He roared. He threw back his head. "Eve," he
